HABD will provide resource information to HCV and PUBLIC Housing residents about the resources and programs available for victims of domestic violence.

#### B.5 Significant Amendment or Modification
Provide a statement on the criteria used for determining a significant amendment or modification to the 5-Year Plan.

As mandated by the U.S. Department of Housing and Urban Development, a public housing authority must define a substantial change to the Agency Plan. If a proposed change to the Agency Plan is considered a “substantial change,” it must undergo a public process that includes: consultation with the Resident Advisory Board, a public comment period, public notification of where and how the proposed change can be reviewed and approved by the Housing Authority Boards of Commissioners. Therefore, HABD defines significant changes to the Agency Plan to be:

- Significant changes to tenant/resident admissions policies;
- Significant changes to the tenant/resident screening policy;
- Significant changes to public housing rent policies;
- Significant changes to the organization of the public housing or HCV waiting lists;
- Significant Changes in the use of replacement reserve funds under the Capital Fund Grant;
- Non de-minims changes to the identification of public housing units and/or property that will be subject to demolition, disposition, designation, or conversion activities.

An exception to this definition will be made for any of the above that are adopted to reflect changes in HUD regulatory requirements; such changes will not be considered significant amendments. Additionally, as part of the Rental Assistance Development (RAD), HABD is redefining the definition of a substantial deviation from the PHA Plan to exclude the following RAD-specific items:

- The decision to convert to either Project Based Rental Assistance (PBV) or Project Based Voucher Assistance (PBRA);
- Changes to the Capital Fund Budget produced as a result of each approved RAD Conversion, regardless of whether the proposed conversion will include use of additional Capital Funds;
- Changes to the construction and rehabilitation plan for each approved RAD construction
- Changes to the financing structure for each approved RAD conversion
